

## NET Training Institute Cluster Study Program ©

For over ten years, we have trained 1,500 people to become more effective in restoring lives. We have learned how to help YOU help people.

*The Cluster Study Program ©*, based on our *Wingspread Series ©* self study courses, will benefit any size recovery or treatment organization, prison or outreach ministry, youth program, mercy mission, support group team, or counseling service.

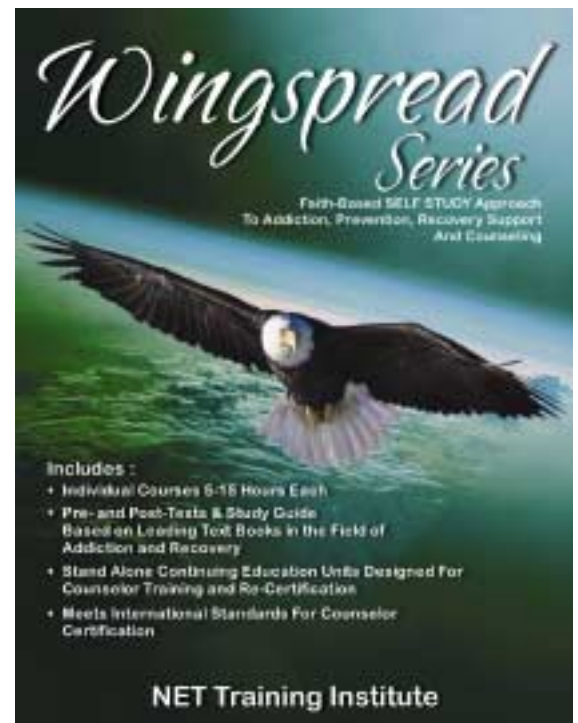

Our proven faith-based and clinically-based training materials are outstanding and **affordable** for staff development, volunteer training, certification preparation and personal enrichment.

Let us help you acquire the knowledge and skills needed to increase your capacity to impact your community!

**C**lusters...utilize small group process, present relevant new knowledge, deepen current knowledge, strengthen organizations, enhance leadership, add accountability, clarify attitudes, hone skills, build joy and grow.

*We will help you assess your training needs and customize a study sequence that best suits your organization.*
